

Wisdom of the Wild

Notetaking and Discussion Summary

Take notes as you view the “Wisdom of the Wild” segments.

Working with your group, use your notes to help you answer the following questions. Your group should agree on the answer.

1. Why are chimpanzees ideal medical research candidates?

2. What factors will hinder Dr. Huffman’s success?

3. How does Dr. Huffman conduct his research? Cite some specific tasks.

4. What is Dr. Huffman’s goal?

5. What is his biggest obstacle? Why?
