

Managing Students with Computers

Reflection Questions

1. Which strategies in this workshop are you most likely to use?
2. How would you adapt the strategies in this workshop to suit your needs?
3. Would you rather apply the workshop's suggestions in your classroom or in the computer lab, and why?
4. What would be the most effective learning stations in a classroom with limited computer resources?
5. If you decided to design a project for a computer lab, what kind of project would you choose and why?
6. Are there any advantages of the one-computer classroom over the computer lab? Why?
7. Are there any other ways to use just one or a few computers in your classroom?
8. How do you see yourself using a peer swat team?
9. How might you use online tours, virtual reality, and audio and video resources to enhance the learning process?
10. What resources can you offer to students who don't have a computer at home?
