Atlas Exploration

1. Open the Atlas to the years 72-732 CE. Click on Summary and read the World summary.

2. Next, zoom in on Europe/Near East/North Africa and click on Summary. Read the summary.

3. Zoom in on Near East and read the summary for this segment.

4. Look at the same maps in different time periods and read the summary for the segments. Remember, you can flip between the historical and modern-day views of these maps.

As you explore the Atlas, complete the following assignment:

1) Write down five interesting facts or important bits of information you find in your exploration.

2) Write down at least three questions that came up as the result of your Atlas exploration. For instance: How did Islam gain such a strong foothold in the Arabian lands?
